

Charlotte Hegarty

Welfare and Equal Opportunities

About me

Hi, I'm Charlotte and I'm running for the role of Welfare and Equal Opportunities Officer! I'm a first year maths student and I'm applying because I want to help ensure that the society is welcoming, inclusive and supportive for everyone.

My ideas

- Host **informal sessions** at the start of Term 1 to give freshers advice about how to approach the workload, what exams are like, where to go for support, and answer any questions
- **Walks to promote mental wellbeing** - a relaxed way to meet new people in maths, an opportunity for first years to chat with other years
- **Strive to make sure there are events that are inclusive for everyone** - including women, LGBTQ+ students, those with disabilities, neurodivergent students
- Continue **Coffee and Cake** and be active in its promotion as a welfare event

Why should you vote for me?

- **Maths ambassador** at my sixth form – I have experience giving talks and organising maths-related events
 - I used to volunteer for the **Deaf Children's society** so I'm used running events which have to be inclusive for various different needs
 - I'm **friendly and approachable** and would be always willing to listen to any concerns. I enjoy attending Maths events and socials which means I will be an active member of the society, making it easier for people to get to know me!
